United Concordia dental®

Your dental plan includes an Annual Maximum Rollover.

Dental plans normally have a maximum dollar amount that an insurer can pay in a plan year, called your annual maximum. The Annual Maximum Rollover* allows you to roll over $300 of the amount that United Concordia Dental can pay in a plan year toward services you might want in the next year.

Get rewarded for maintaining your preventive care.

You can roll over $300 of your unused benefit dollars to the next plan year if:

- Your dental claims are less than 50% of the annual maximum.
- You have at least one dental exam during the plan year.

This way, if you need complex services that go over your annual maximum, you can use your Annual Maximum Rollover dollars toward the cost, instead of paying it all on your own.

Your dependents qualify, too.

With the Annual Maximum Rollover, each dependent on your policy can roll over $300, up to $1,200 per person.

Check your dental benefit information to learn more about the Annual Maximum Rollover option.

*To be eligible for a rollover benefit, new members and new hires must be continuously enrolled for the last 100 days of the prior plan year.

**Retention of annual maximum dollar amounts is subject to continuous enrollment in the program. See Plan Documents for additional details.
